Trip Summary

I'd recommend considering Goa as a great alternative destination for your 3-day trip. Goa is known for its beautiful beaches, vibrant nightlife, and relaxed atmosphere, which could be a great fit for your travel style. The best time to visit Goa is from November to February, but since your trip is in July, you can still enjoy the lush landscapes and fewer crowds. However, keep in mind that the monsoon season might affect some beach activities. With your budget of 90,000, you can find a comfortable stay and enjoy the local seafood cuisine. Since your original plan was to travel from Delhi to Bangalore, I can suggest flights and hotels in Bangalore, but Goa might be a more exciting option to explore. The weather in Bangalore is expected to be around 25 degrees Celsius, which is pleasant.
